

UNIPRESS

42XH HOT HEAD UTILITY DRY CLEANING PRESS

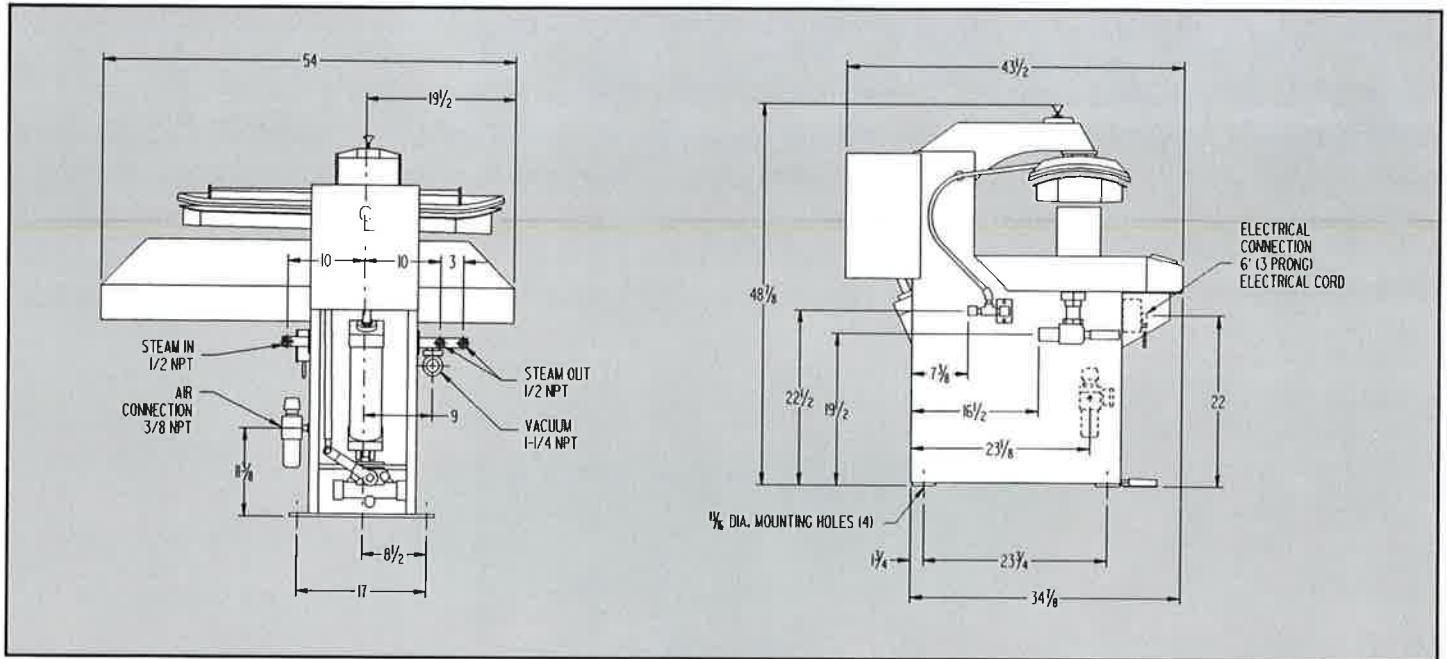

The Unipress model 42XH is excellent for handling tough garments such as silk, linen, cotton, and ramie. It makes it fast and easy to beautifully finish these types of garments. The steam chamber is designed to heat the head evenly to achieve the temperatures necessary to properly finish these garments.

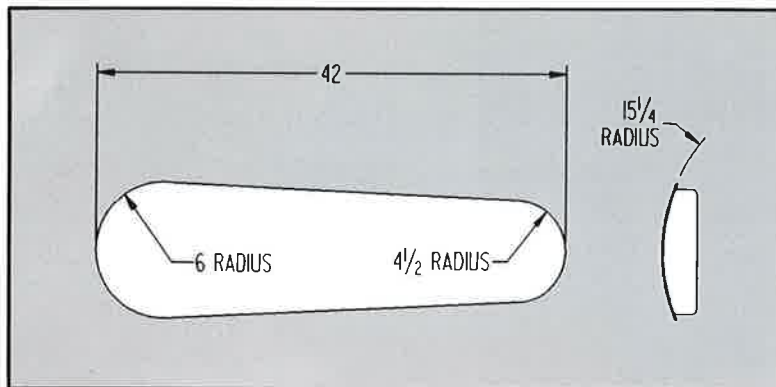

The 42XH is truly a time saver plus it has many additional outstanding features:

- Wide Head Opening
- Fast Smooth Operation
- Finger Tip Pressure Regulator
- Single Cylinder Action
- Minimum of Floor Space
- Microprocessor Controls with Self Diagnostics
- Heavy Duty Steel Frame Construction
